Woodshed...has the same relaxed and free-flowing vibe about them that made the jam-band kings...
The music is danceable, funky and bluesy. - JamBands.com

Woodshed...has that "Blues Traveler" sound with that "Grateful Dead" vibe. Their music is well written,
with a lot of feeling. Their bluesy and sometimes ballsey sound is only overshadowed by their
performance. - Desert Rhythms

Woodshed's distinctive feel-good sound has become a staple on the Inland Empire music scene.
